30%
**ENERGY
TAX CREDIT**

\$1500 *max. credit
per homeowner*

The American Recovery Act and Reinvestment Act of 2009 entitles homeowners to a federal tax credit for qualified, energy efficient, home improvements made to their existing primary residence. The credit applies to 30% of each product purchased (installation labor not included), up to a maximum credit of \$1,500 per homeowner for products placed in service during the period of January 1, 2009 - December 31, 2010.
